RE: S.J.R.7 "Proposing to amend the Nevada Constitution to preserve the right to hunt, fish and trap in this state."

Dear Chairman Ohrenschall,

The Nevada Firearms Coalition is dedicated to the safe use of firearms for self-defense, competition, recreation and hunting. We are a Nevada grassroots organization representing the firearms owners of Nevada. We are the State Association for the National Rifle Association, and a member of the National Shooting Sports Foundation.

The Nevada Firearms Coalition supports this proposal to preserve the right to hunt, fish and trap in Nevada. These activities are important to a large number of Nevada citizens and the preservation of our traditional outdoor activities is very important to our members. In addition hunting, fishing and trapping generate economic benefits to the state, and to business which provide services to the participants. In addition, hunting, fishing and trapping are long established and proven wildlife and fisheries management practices.

We request that you include our comments in support of this legislation into the record.

Thank you for your attention to this matter,

Sincerely,

Don Turner, President
